Thanks. You have a very nicely designed website. My office has a website www.va.gov/advisory however with the reduced staff support eroded over time. We will be hiring staff support for this office in the near future. I am always amazed when I see a great website. Thanks for the information.

Subject: RE: Question

The site was built by Paula Sageser who works for OIA. We will be transitioning maintenance to Library Network Office.

Do you have any questions about the site?

tion of staff from 3 to 1, the website has
: website and always ask who manages it.

ork Office staff.
