Paula –

I'm so bummed that you will be leaving "us" (i.e., me)! I just wanted to say thank you for all of the help & assistance & patience & good humor you have shown me since I started working with the VA. (esp the patience and the good humor – and your knowledge!)

I hope you're moving on to something wonderful & exciting – but I will miss you!

And thanks for going ahead and spilling the beans – I'll be in touch ASAP.

Bev
